

# Catalog of Programs Supported by Missouri General Revenues and Federal Budget Stabilization Fiscal Year 2010

September 2009

Legislative Budget Office Joint Committee on Legislative Research Missouri General Assembly State Capitol, 117-A Jefferson City, MO 65101

### **About This Catalog**

This report provides a one-page summary of every executive branch program that receives operating support from the general revenue fund or the federal budget stabilization fund. The general revenue fund is the repository of Missouri's individual and corporate income, sales and other taxes collected for the support of the general operations of state government. The federal budget stabilization fund is composed of the additional resources made available to the state by the American Recovery and Reinvestment Act (PL 111-5) that are available for use as the budgetary equivalent of general revenues.

For each appropriation or program meeting those criteria, the catalog provides the actual amount expended in the past two fiscal years, the amount appropriated by the General Assembly in the current fiscal year, and the percentage change in Fiscal Year (FY) 2010 appropriations relative to FY 2009 actual spending. The tables show the appropriations provided in the Truly Agreed and Finally Passed (TAFP) measures, so include amounts that were subsequently vetoed by the Governor. Amounts vetoed are given in the "Comments" section, and should be subtracted from the amounts shown in the table to obtain the amount of appropriations that are currently available. Amounts withheld by the Governor are not provided in this catalog because they are subject to change.

The document is arranged in the same sequence as the regular annual operating appropriations bills (House Bills 2-11). The House Bill section number is displayed in the upper right of the page for easy reference back to the appropriation that provided the funding. Amounts provided through supplemental appropriations (House Bills 14, 15, 21 and 22) have been added to the amounts provided in the regular bills, with references to the supplemental bills given in the "Comments" section.

Some appropriations provided in FY 2009 were not provided in FY 2010. In those cases, the summary is located in the sequence where it was provided in FY 2009. Similarly, some appropriations were provided in FY 2010 supplemental measures (House Bills 21 and 22) that have no counterpart in the regular appropriations bills. Those summaries follow the regular appropriations for the agency that received the supplemental funds.

The catalog entries contain a description of what the program does, its statutory basis, and an indication of the relative controllability of program expenditures. Some state spending – like the support of free public schools – is required by the state constitution and is shown as constitutional. Other spending is required by federal or state law, or is integral to the operation of a state agency. Such programs are categorized as mandatory. Finally, some programs are completely subject to appropriation by the General Assembly, and are categorized as discretionary.

This report is an attempt to provide members of the General Assembly and the public an easy-to-use reference on where their tax dollars go. Comments or suggestions about how to improve the usefulness of this document may be directed to <a href="mailto:Dan.Kowalski@lr.mo.gov">Dan.Kowalski@lr.mo.gov</a> or 573-526-1287.

#### **Program Description:**

The state's education funding formula was changed in SB 287 (2005), with the changes effective for FY 2007. The new formula is: weighted average daily attendance X state adequacy target X dollar value modifier - local effort = state funding. The weighted average daily attendance includes adjustments for students eligible for free or reduced price lunch, students receiving special education services and students identified as Limited English Proficient. The state adequacy target has been \$6,117 for the past 4 years. The dollar value modifier adjusts for the purchasing power of a dollar. The local effort deduction is a calculation of certain actual revenues received in 2004-05 and the amount of tax revenue the district would have received at the \$3.43 performance levy applied to the 2004 assessed valuation.

FY 2010 is the fourth year of the formula, which will be phased-in over seven years. The phase-in percentages for FY 2010 are 58 percent for the formula calculation and 42 percent of the FY 2006 funding (figures include virtual schools).

Article IX, Sec. 3(b) Missouri Constitution.

#### **Program Description:**

The Missouri Constitution requires the transfer of not less than 25 percent of state revenues for free public schools. The school aid formula adopted in SB 287 (2005) requires the transfer of more than 25 percent of state revenues to fully-fund the formula. This appropriation provides for the transfer from the state General Revenue Fund (0101) into the State School Moneys Fund (0616).

#### **Comments:**

Fully-funding the formula will require increases in the transfer each year through FY 2013.

This transfer decreases in FY 2010 because Federal Budget Stabilization Funds were used in place of General Revenues. The Federal Budget Stabilization appropriation is found in House Bill Section 2.015.

#### **Authorization:**

Sec. 173.250 RSMo.

#### **Program Description:**

This appropriation provides for a transfer of general revenue to the Academic Scholarship Fund in support of the Bright Flight Scholarship Program. The program provides scholarships to Missouri students based on academic achievement. To qualify, a high school senior must score in the top 3 percent of all Missouri students taking the ACT or SAT assessment test. The scholarship award is \$2,000 annually until the first bachelor's degree is received or ten semesters, whichever occurs first. The scholarship is to attend a Missouri college or university.

#### **Comments:**

Under current law and subject to appropriations, the program will expand in fiscal year 2011 to provide a \$3,000 scholarship award to students in the top 3 percent of Missouri high school seniors taking the ACT or SAT, and a \$1,000 scholarship award to students between the top 5 percent and 3 percent.

Number of students receiving scholarships: FY 2006 - 8,401, FY 2007 - 8,521, FY 2008 - 8,760.

#### **Authorization:**

Secs. 173.1101 - 173.1107 RSMo.

#### **Program Description:**

The Access Missouri Financial Assistance Program was created by SB 389 (2007). The program provides need-based financial aid to eligible Missouri residents. A student's financial need is represented by the expected family contribution (EFC), and calculated based on the standard federal needs analysis formula. Students with an EFC at or below the established cutoff are eligible for an award amount. Award amounts are adjusted using a statutory formula, so all eligible students receive the maximum award possible based on available funds. Access Missouri replaced the Gallagher Scholarship Program and the College Guarantee program. This appropriation provides for the general revenue transfer to the Access Missouri Financial Assistance Fund (0791).

#### **Comments:**

State appropriations must be at least the average for the three previous fiscal years to receive federal matching funds for the Federal Leveraging Education Assistance Partnership (LEAP) Program, and a 2-for-1 state dollar match for the Federal Special Leveraging Educational Assistance Partnership (SLEAP) Program.

Source of Other Funds: Student Grant Program Gift Fund (0272) and Lottery Proceeds Fund (0291).

#### **Program Description:**

In FY 2007 state appropriations for certain information technology (IT) resources were consolidated under the Office of Administration and the state's Chief Information Officer to obtain greater coordination of the state's information technology resources. This appropriation supports the IT consolidation and the Missouri State Data Center (SDC). The consolidation initiatives included network consolidation, e-mail and server consolidation, content management, and new telecommunications infrastructure including Voice over Internet Protocol. The SDC provides mainframe computer processing and storage for system applications, houses the internet and e-mail access point for all state agencies, and protects the network from cyber attacks.

#### **Comments:**

FY 2010 includes \$886,455 in Budget Stabilization for a pseudoephedrine tracking system provided in HB Sec. 22.077. The Governor vetoed \$275,000 from that appropriation.

Other funds are provided on a pro-rata basis by agencies using the services.

The Information Technology Services Division provides services to the following departments: (1) Agriculture; (2) Corrections; (3) Economic Development; (4) Elementary and Secondary Education; (5) Health and Senior Services; (6) Higher Education; (7) Insurance, Financial Institutions and Professional Registration; (8) Labor and Industrial Relations; (9) Mental Health; (10) Natural Resources; (11) Office of Administration; (12) Public Safety; (13) Revenue; and (14) Social Services.

#### **Program Description:**

The Division of Personnel assists all branches of state government by providing statewide human resource management functions and guidance in several areas. The Employee Services section develops and administers position classifications for agencies covered by the Uniform Classification and Pay System (UCP). The section ensures that employees are assigned to the appropriate job class and that new job classes are assigned the proper pay range. It also reviews applications for employment in the Merit System and develops and administers Merit System examinations. The Pay, Leave, and Reporting section provides information on the UCP System pay plan; interprets policies on pay, leave, and hours of work; provides assistance with the state payroll system; and maintains registers of people from whom agencies may select for Merit System jobs. The section also administers the employee online appraisal system, provides training and management programs for supervisory staff, and administers statewide employee recognition programs. The Personnel Advisory Board acts in an oversight and policy making role for the Division of Personnel. Additional responsibilities include hearings of employee appeals and disciplinary actions.

#### **Program Description:**

The Missouri Ethics Commission administers five programs to meet its statutory responsibilities. The Campaign Finance Program staff receives, processes, and audits the reports of certain persons attempting to influence the actions of voters and accept contributions or make expenditures exceeding a certain dollar threshold. The Lobbyist Program assists lobbyists in filing their registration form, electronic monthly expenditure reports and an annual principal report. The monthly report is distributed to every legislator, supreme court judge, and statewide office holder listing any expenditure made on their behalf by a lobbyist. The Personal Financial Disclosure Program receives and processes personal financial disclosure statements of judges, elected and appointed office holders, candidates for elected or appointed offices, administrative assistants to statewide office holders, members of boards and commissions, and certain employees of state agencies. Compliance Program staff receive, process, and investigate complaints on ethics related issues. The Administrative Program provides support services to the Ethics Commission staff.

#### **Comments:**

The Commission is assigned to the Office of Administration for budgeting purposes only.

**Spending Category:** Constitutional

#### **Authorization:**

Article IV, Sec. 27(a), Missouri Constitution.

#### **Program Description:**

This appropriation provides for the constitutionally-required transfers to or from the Budget Reserve Fund (Fund). If, in any fiscal year, the ending balance of the Fund is less than 7.5 percent of the net general revenue collections for the fiscal year, the difference is transferred from the general revenue fund. If the ending balance of the Fund fiscal year exceeds 7.5 percent of the net general revenue collections for the previous fiscal year, the difference is transferred to the general revenue fund--unless the excess balance is a direct result of appropriations made by the General Assembly for that purpose. If the balance in the Fund at the close of any fiscal year exceeds ten percent of the net general revenue collections for the previous fiscal year, the Commissioner of Administration shall transfer the excess amount to the general revenue fund notwithstanding any specific appropriations made to the Fund.

#### **Comments:**

There will be a transfer from the Budget Reseve Fund to the General Revenue Fund of approximately \$1.1 million in FY 2010.

This appropriation funds the transfer of deferred compensation incentive match payments from various state funds from which eligible salaries of state employees are paid (excluding Highway Patrol). State law allows for a state match of employee deferred compensation contributions up to \$75 a month, subject to appropriation by the General Assembly. The state match currently is set at \$12.50, \$15, and \$17.50 per pay period. To qualify for the incentive match payment, employees must contribute a minimum of \$12.50 per pay period and have been employed by the state for a period of 12 months. Approximately 59 percent of state employees are receiving the state match.

The state self-insures for workers' compensation and pays its workers' compensation tax and second injury fund assessments based on billings received from the Department of Revenue and the Division of Workers' Compensation. This appropriation allows the state to make those payments. Quarterly workers' compensation estimated tax payments are made to the Department of Revenue based on the current year tax rate applied to the prior year premiums. Once final payrolls are calculated and actual obligations known for the calendar year, a reconciling payment is made by June 1st of the following year. Second injury fund tax payments are made to the Division of Workers' Compensation quarterly during the calendar year based on the surcharge established for the current year applied to prior year premiums.

#### **Program Description:**

The Grain Regulatory Services (GRS) program provides oversight to the grain warehouse and grain merchandising industry. The goal is to keep a stable grain marketing system for farmers to buy, sell and store merchandise for production. GRS conducts audits of the incentive payments for ethanol and biodiesel and commodity check-offs. It also administers the Missouri Agricultural Mediation Program (MAMP), which provides dispute resolution services to Missouri farmers who utilize USDA programs.

## **Comments:**

The MAMP program requires a 30 percent state match to receive federal funding.

### **Program Description:**

The Gypsy Moth program seeks to prevent or delay the establishment of the gypsy moth in the state of Missouri. An annual survey of the state is done to determine what actions need to be taken to prevent the spread of the gypsy moth. Gypsy moths can damage or destroy significant amounts of trees and forests by killing the tree or leaving the tree susceptible to disease. The program is directed by the State Entomologist and the Forest Resources Program Coordinator within the Bureau of Plant Pest Control.

#### **Program Description:**

Section 143.183 RSMo provides for the transfer of 10 percent of estimated annual nonresident professional athletes and entertainers tax collections to the Historic Preservation Revolving Fund (0430). The fund allows the department to acquire properties to protect and preserve the historical nature of the property. The department then looks for suitable owners to purchase, maintain, and preserve the property. Historic Preservation Funds are used for revolving loans to certified local governments, property marketing, surveys, appraisals, and real estate commissions.

#### **Comments:**

The FY 2010 transfer appropriation is about 5.5 percent of estimated tax collections.

The FY 2009 transfer appropriation was 7.5 percent of estimated tax collections. After taking the Governor's reserve, the Governor withheld half of the available appropriation.

In FY 2008 transfer was 5 percent of estimated collections, 2.5 percent in FY 2007 and 0.5 percent in FY 2006. There were no transfers in Fiscal Years 2003 - 2005.

Adult Community Programs are designed to promote independent living in the least restrictive setting possible while keeping patients involved in the community. They are administered locally by Community Health Centers and provide both community treatment and residential services. The cost of these services are charged to MO HealthNet for clients who are eligible for that program, which requires a state match of approximately 40 percent. Medicare eligible clients after deductibles and copayments require a state match of about 20 percent. General Revenue is used to pay for services of indigent clients. Indigent clients have a standard means test applied to determine what, if any, payment they can contribute from Social Security, private insurance, or other resources.

#### **Comments:**

The federal Americans with Disability Act requires states to identify institutional residents who could be more integrated into community settings.

Committed individuals remain at MSOTC until it is determined they are safe to return to the community. State law requires sexually violent offenders to be kept in a secure facility outside of the Department of Corrections and away from other non-sexual offender mental health clients. Sexual offenders receive psychiatric evaluations and treatment to address mental health problems. Reports are required to be made to the committing court regarding each committed offenders' mental condition and progress in the program.

The Division of Developmental Disabilities (DD) provides prevention, evaluation, care, habilitation and rehabilitation services to Missouri citizens with developmental disabilities. Administration oversees DD's eleven regional offices and six habilitation centers in providing these services. The seventeen combined facilities serve nearly 30,000 clients and employ approximately 3,900 individuals. Administration provides technical support, establishes policies and procedures for the division, and support to the division's facilities and contract providers. Funding supports personal services and expense and equipment for administrative staff.

#### **Comments:**

The Governor vetoed \$58,655 from Federal Funds for this appropriation.

MRDD's Central Administration Office has seven sections: (1) Director's Office, (2) Administrative Services, (3) Federal Programs, (4) Policy/Training/Quality Assurance, (5) System Transformation Grant, (6) Office of Autism Services, and (7) Licensure and Certification.

#### **Program Description:**

This funding ensures enough professional staff are available to meet staffing ratios at all six habilitation centers. To be in compliance with Intermediate Care Facilities for the Mentally Retarded (ICF/MR) standards, Developmental Disabilities (DD) has specific staffing requirements for treatments such as occupational therapy, speech therapy, and physical therapy. A staffing pool was created in FY 2007 to allow resources appropriated to the central office to be allocated to the various habilitation centers as needed to meet those requirements.

#### **Comments:**

ICF/MR services are not federally mandated, however MO HealthNet includes the service. A 36 percent state match is required for FY 2010.

DD's six habilitation centers are: (1) Bellefontaine, (2) Higginsville, (3) Marshall, (4) Nevada, (5) St. Louis Developmental Disabilities Treatment Center, and (6) Southeast Missouri Residential Services.

Developmental Disabilities (DD) Community Programs provide the support necessary for persons with developmental disabilities to remain connected to their parents, families, school and community through its eleven regional offices. The regional offices use funding to contract with community providers who provide in-home support, residential services, autism support, targeted case management and other specialized services for those who can choose their own service provider. Funding provides personal services and expense and equipment for DD Community Programs support staff.

#### **Comments:**

FY 2009 includes \$6,408,798 Other Funds from supplemental (HB Sec. 14.190).

The Division's eleven regional offices are located in: Albany, Columbia, Hannibal, Joplin, Kansas City, Kirksville, Poplar Bluff, Rolla, Sikeston, Springfield and St. Louis.

These programs are part of the MOHealthNet state plan, which require a 36 percent state match in FY 2010.

Ch. 633 RSMo.

#### **Program Description:**

Community Support Staff provide case management services and oversee the service delivery system. In FY 2009 funding for personal services was redirected from regional office budgets to this appropriation. It provides for all Case Manager I, II, and III, Case Management Assessment Supervisors and Quality Assurance positions. Funding is directed to the appropriate regional office to address caseloads.

#### **Comments:**

The Division's eleven regional offices are located in: Albany, Columbia, Hannibal, Joplin, Kansas City, Kirksville, Poplar Bluff, Rolla, Sikeston, Springfield and St. Louis.

Developmental Disabilities is reimbursed for 63 percent of the cost of case management by the federal government.

#### **Program Description:**

Developmental Disabilities regional centers are service entry points for persons with developmental disabilities. The regional offices perform intake activities, which help to determine if the individual is eligible for services. After an individual is found eligible, a case manager is assigned to the person. The regional office then works to identify the services or supports that are necessary, in partnership with the individual and their family.

Eleven regional offices are located throughout the state and serve between 3 - 15 counties. Each regional office has numerous satellite locations located within their region. As client needs are determined, clients are referred to the proper satellite facility. Regional centers serve people with mental retardation, cerebral palsy, head injuries, autism, epilepsy, learning disabilities and other disabilities.

The Division of Developmental Disabilities (DD) operates 6 habilitation centers. The habilitation centers provide an Intermediate Care Facility for the Mentally Retarded (ICF/MR) level of care and serve patients with mild to severe disabilities that require constant medical care. Services include, but are not limited to, occupational therapy, speech therapy and physical therapy. Habilitation centers also operate MO HealthNet Waiver Individualized Supported Living (ISL) arrangements and state group homes as a transitional placement to contract-operated ISLs or group homes.

#### **Comments:**

The ICF/MR program at this center was converted to state-operated group home services for FY 2010.

St. Louis Developmental Disabilities Treatment Center has an administration office and three locations in the St. Louis area: Northwest, South County, and St. Charles.

A 36 percent state match is required for MO HealthNet eligible clients.

The Office of Director works with local health agencies, agencies on aging, the Governor, Legislature, and others to address issues related to public health and senior services. It provides direction, support, coordination, and oversight for the Department of Health and Senior Services. The Office includes the department director, deputy department director, and senior management staff. Other sections within the Office of Director include personnel, government policy, legislation, legal affairs and special investigations, the hearings unit, and public information. It also includes the Boards of Health and Senior Services.

The Director's Office also oversees the federally mandated Employee Disqualification List (EDL). The EDL includes complaint investigations indicating possible abuse, neglect, misappropriation of funds and falsification of documents by employees of hospitals, hospice, home health agencies, ambulatory surgical units, long-term care facilities, in-home service providers and consumers or vendors.

#### **Program Description:**

This appropriation provides for support staff and operations of the Division of Senior and Disability Services (DSDS). Division personnel determine eligibility and authorize state and federally funded Home and Community Based Services for MO HealthNet participants and other eligible adults; investigate allegations of abuse, neglect, and financial exploitation of seniors and adults with disabilities; and provide information to individuals considering their long-term care and home-based care options. It also oversees Area Agencies on Aging to ensure they are following federal and state law related to seniors and adults with disabilities. DSDS programs are not federally mandated, but to receive federal funds a state must be in compliance with the Older Americans Act.

#### **Comments:**

Programs included in funding: Senior and Disability Administration, Central Registry Unit--Customer Service Center, Adult Protective and Community Services, State Long-Term Care Ombudsman and Older Americans Act Programs.

Title XIX Medicaid programs within DSDS require a 50 percent state match; Older Americans Act programs require a maintenance of effort.

These funds allow provider reimbursement during intermittent periods of MO HealthNet eligibility (which occurs with spend-down beneficiaries, for example) to assure a continuity of care by guaranteeing payment for services performed in good faith by providers. Temporary services are also authorized to provide crisis intervention on behalf of eligible adults that have been victims of abuse, neglect, or financial exploitation. This appropriation also funds in-home and community based services for non-MO HealthNet eligible (NME) seniors and disabled adults who cannot pay for their care. NME patients must meet annual eligibility requirements regarding income, assets, and need assistance.

#### **Comments:**

The state program for non-MO HealthNet eligible seniors and adult disabled is currently capped and no new participants may be enrolled.

Provides funds to reimburse MO HealthNet providers for care provided to MO HealthNet participants in Home and Community Based Services (HCBS). Those services are offered as an alternative to nursing facility care, enabling individuals to remain in their homes. MO HealthNet funded HCBS include personal care, nurse visits, adult day care, homemaker, respite, home delivered meals, adaptive equipment, private duty nursing, health screenings for children and subsequent care, attendant care, specialized medical equipment, and medical supplies. Benefits are authorized if the person would be eligible to receive care in a skilled nursing facility or hospital under the State Plan, the Aged and Disabled Waiver, the Independent Living Waiver, the AIDS Waiver, and the Healthy Children and Youth program. The program is not federally mandated, but to receive federal funds Title XIX and Title XX requirements must be met.

### **Comments:**

FY 2010 includes \$8,201,364 Federal Budget Stabilization and \$13,922,521 Federal Funds provided in HB Secs. 22.245 and 22.250. The Governor vetoed \$408,004, including \$146,147 Budget Stabilization, from HB Sec. 22.245

Home and Community Based Services require a 36 percent state match for FY 2010.

Ch. 192 and Secs. 660.050, 660.057 and 660.250 RSMo. Federal law: Titles XIX and XX Social Security Act and Older Americans Act.

#### **Program Description:**

This appropriation funds services and programs for seniors administered by the Area Agencies on Aging (AAAs). Federal Older Americans Act (OAA) grants for supportative services pass through the Department of Health and Senior Services to AAAs who provide services. Those services include transportation, information, legal services, in-home care, nutrition, family caregiver support, senior employment and training, and ombudsman services. OAA grants for employment programs are distributed via a competitive bid process to AAAs. The programs are not federally mandated but federal requirements must be met to receive federal OAA funds.

#### **Comments:**

FY 2009 includes \$364,267 Federal Funds from stimulus (HB Sec. 15.145). FY 2010 includes \$2,754,285 Federal Funds from stimulus (HB Secs. 21.370 and 21.375).

Many services funded through the federal Older Americans Act require state matching funds. Administration and caregiver costs require a 25 percent state match, supportative nutrition programs require a 15 percent state match, and employment programs require a 10 percent state match. MO HealthNet funded home delivered meals receive the FMAP rate (64 percent federal, 36 percent state in FY 2010).

#### **Authorization:**

Sec. 208.182 RSMo. Federal law: PL 104-193, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996.

#### **Program Description:**

Electronic Benefits Transfer (EBT) provides a statewide delivery system for Food Stamp and Temporary Assistance benefits. The system permits recipients to complete transactions with a debit or credit-type card. The system has the ability to detect retailer or recipient fraud for transactions that are not allowed. Distributing Food Stamp benefits through this method is a federal requirement.

#### **Comments:**

The state match for most of the program's expenditures is 50 percent.

#### **Program Description:**

The Family Assistance Management Information System (FAMIS) is a federally-certified information system for the Child Care, Food Stamp, Temporary Assistance, MO HealthNet and other related programs. The system establishes supercases, creates eligibility units, automates the application process, gathers information, determines eligibility, and issues benefits. The system generates alerts, reports and notices; maintains a resource directory; recalculates benefits when changes occur; and processes recoupments.

#### **Comments:**

FAMIS has an approved cost allocation plan for federal matching dollars.

#### **Authorization:**

Secs. 205.565 and 208.335 RSMo.

#### **Program Description:**

Missouri has 21 Community Partnerships. Community Partnerships are regional decision-making entities that partner with other state agencies to plan and develop strategies to achieve specific core results. Those core results are: (1) children and families safe, (2) children and families healthy, (3) children ready to enter school, (4) children and youth succeeding in school, (5) youth ready to enter the workforce and become productive citizens, and (6) parents working. Community Partnership initiatives include working on safety issues in the community (such as inspecting and installing car seats), and providing Independent Living Program services, mentoring services, summer programs and job readiness training.

#### **Comments:**

State expenditures from this program are used as maintenance of effort to earn the federal TANF and family preservation block grants.

#### **Program Description:**

Missouri Mentoring provides work site and teen parent mentoring to youth at risk of entering the welfare or justice systems. The program primarily mentors youth ages 16-21. Mentoring sites are located in the cities of St. Louis and Cape Girardeau and the counties of Boone, Phelps, Greene, Buchanan, Pemiscot, and New Madrid.

#### **Comments:**

Community Partnerships administer and manage these initiatives except in St. Louis and Springfield, where the Family Resource Center, Inc. and Missouri State University, respectively, are the contracting entities.

#### **Authorization:**

Sec. 208.040 RSMo. Federal law: PL 104-193, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996.

#### **Program Description:**

Temporary Assistance provides cash assistance to families based on income and family size. The assistance cannot exceed 60 months in total in a lifetime, with some exceptions. Those exceptions include domestic violence, substance abuse, mental health issues and family crisis. The program emphasizes keeping children in the home, job preparation and work, preventing out of wedlock births, and encouraging the formation and maintenance of two parent families. The federal Deficit Reduction Act of 2005 requires 50 percent of a state's Temporary Assistance for Needy Families (TANF) caseload to participate in a federally-defined work activity. States are expected to provide programs that address barriers to work such as mental health, addictions, developmental/learning disabilities, limited English proficiency and domestic violence.

#### **Comments:**

FY 2010 includes \$11,224,576 in Federal Funds from stimulus (HB Sec. 21.390).

A state maintenance of effort is required to earn the TANF block grant that pays for the majority of the program. Expenditures from other programs also provide state maintenance of effort.

**Spending Category:** Mandatory

#### **Authorization:**

208.030 RSMo. Federal law: Sec. 1616 Social Security Act.

#### **Program Description:**

Adult Supplementation provides a monthly cash benefit to aged, blind, and disabled persons who would receive a smaller cash benefit than they would have received in December 1973 from prior supplemental programs in effect in that month. States are required to make supplemental payments to those persons who would receive less total income than they were receiving in December 1973 from any of the aged, blind, and disabled person programs.

#### **Comments:**

The program does not receive new cases, so the program will decline in size over time.

**Spending Category:** Mandatory

#### **Authorization:**

Sec. 208.030 RSMo. Federal law: Sec. 1618 Social Security Act.

#### **Program Description:**

The Supplemental Nursing Care program provides monthly cash benefits to eligible persons in residential care facilities, assisted living facilities, and the non-MO HealthNet certified areas of intermediate care facilities and skilled nursing facilities. The grants help low-income seniors and persons with disabilities remain in those facilities rather than moving to MO HealthNet certified nursing facilities. An eligible adult, living in a licensed nursing facility and found medically eligible, may receive up to \$390 monthly. If living in an assisted living facility, an eligible person may receive up to \$292 monthly. If living in a licensed residential care facility, an eligible person may receive up to \$156 monthly. An additional \$30 monthly benefit is provided for personal needs unless such needs are being met by the Department of Mental Health.

#### **Comments:**

This is an optional state program. However, Section 1618 of the federal Social Security Act does not allow a state to eliminate this program once it has been established; the penalty for doing so is losing all federal Medicaid assistance.

#### **Authorization:**

Chs. 210 and 455 RSMo. Federal Law: Family Violence Prevention and Services Act, as amended.

#### **Program Description:**

The Domestic Violence Program provides funding on a contractual basis to domestic violence shelters and programs throughout the state. Those shelters provide residential facilities and support services for victims of domestic violence and their children. They must also provide related services, which include professional therapy, crisis intervention, case management, support groups, hotlines, community education, children's activities and legal advocacy.

#### **Comments:**

The state's general revenue spending is counted as TANF maintenance of effort. A state match is not required for the federal domestic violence grant. The program is not federally mandated, but if the program is provided federal standards must be met.

#### **Program Description:**

Blind Administration funding provides for personal service, expense and equipment, and communication costs for both field and central office staff to administer the Services for the Blind and Visually Impaired programs. These programs provide blind and visually-impaired individuals the opportunity to obtain employment and independent living skills commensurate with their goals and abilities. These programs include: (1) Vocational Rehabilitation, (2) Business Enterprise Program, (3) Prevention of Blindness, (4) Independent Living Rehabilitation - Children, (5) Readers for the Blind, (6) Independent Living Rehabilitation - Adult, and (7) Independent Living Rehabilitation - Older Blind. All programs except Prevention of Blindness are federally mandated.

#### **Comments:**

FY 2010 includes \$778,752 in Federal Funds from stimulus (HB Sec. 21.410).

Vocational Rehabilitation funding is 78.7 percent federal, 21.3 percent state; Independent Living and Rehabilitation and Older Blind Services funding is 90 percent federal, 10 percent state.

Child Support Field Staff and Operations oversees Child Support Enforcement (CSE) throughout the state. Funding provides for the salaries, communication costs and office expenses to operate 22 CSE field offices. When a child receives support from a non-custodial parent, the child's need for MO HealthNet benefits or Temporary Assistance benefits may decrease. Child Support staff have the administrative authority to establish and enforce child support orders, including withholding income from parents who do not pay child support.

#### **Comments:**

#### **Authorization:**

Ch. 210 and Sec. 454.405 RSMo. Federal regulations: CFR, Title 45, Ch. III.

#### **Program Description:**

The Chld Support Enforcement Reimbursement to Counties appropriation provides federal reimbursement to 111 counties and the city of St. Louis for child support-related expenses and incentive payments. Local spending by counties is used as the state match to earn the federal dollars. This appropriation also supports Missouri's Multi-County Service Centers, which facilitates the collaboration between the state and counties in child support enforcement activities.

#### **Comments:**

The program is federally mandated as a cooperative agreement under 45 CFR 302.34 for CSE Reimbursement. However, Multi-County Service Centers are not federally mandated.

This program is partially funded by federal dollars known as Child Support Incentives or IV-D funds, which require a 34 percent state match.

The program provides temporary care for children ages birth - 12 at risk of abuse or neglect or at risk of entering state custody. Crisis Nurseries typically receive children when parents have an emergency, have no other support system in place, and the child cannot be left alone. Examples of emergencies include parental incarceration, a sudden unavailability of child care, a sick sibling, or parental illness.

Federal law: PL 108-173, the Medicare Prescription Drug Improvement and Modernization Act of 2003.

#### **Program Description:**

The federal Medicare Modernization Act requires that all individuals who are eligible for both Medicare and Medicaid receive prescription drugs through the Medicare Part D program. States are required to pay Medicare a portion of the cost of Part D drugs attributable to what would have been paid by the state absent the Part D drug benefit. States are required to make monthly payments to the federal government based on the state's per capita spending on prescription drugs in 2003, the state's federal Medicaid match rate, the number of dual eligibles residing in the state, and a "phase-down percentage" of state savings to be returned to the federal government.

Federal regulations: 42 CFR 440.210 and 440.500.

#### **Program Description:**

These grants are used by Federally Qualified Health Centers (FQHCs) for capital expansion, infrastructure redesign and primary health care. FQHCs are located in urban and rural communities to provide healthcare services in areas that have an inadequate number of medical providers. Grants expand access to health care services for low-income and uninsured individuals by: (1) offering weekend and evening hours, (2) defraying costs of caring for the uninsured, and (3) funding staff and infrastructure for services such as dental care that FQHC patients normally cannot access. This is a state-only program that is not federally mandated and receives no federal matching funds.

#### **Program Description:**

This program funds women's health care services under a federal Section 1115 Waiver. Legislation passed in 2007 (SB 577) provided for the expansion of these services to uninsured women who are 18-55 years of age, have a family income at or below 185 percent of the federal poverty level, have less than \$250,000 in assets, and have no access to employer-sponsored health insurance. Funds were appropriated for this expansion beginning in FY 2009. Women's Health Services are defined as: (1) approved methods of contraception; (2) sexually transmitted disease testing and treatment (pap tests, pelvic exams); (3) family planning and counseling on birth control methods; and (4) drugs, supplies, or devices related to women's health services. The program is not federally mandated, but is eligible for the federal match.

#### **Comments:**

Most women's health care services receive a 90 percent federal match. The remaining expenditures receive the federal medical assistance percentage (FMAP) rate, resulting in a 36 percent state match in FY 2010.

#### **Program Description:**

The Children's Health Insurance Program (CHIP) provides health care insurance coverage to uninsured children from families with income above existing MO HealthNet eligibility limits up to 300 percent of the federal poverty level (FPL). Participants must be under age 19, be uninsured for 6 months or more, and have no access to health insurance for less than \$66 - \$165 per month (based on family size and income). Children with special or critical health care needs are not subject to the waiting period. Children from families with income between 151 percent and 300 percent FPL are not eligible for non-emergency medical transportation, and must participate in immunization and wellness programs, provide the child's social security number, cooperate with third party insurance carriers, cooperate in child support cases, and share in the child's health care costs through premiums. CHIP is not a federally mandated program.

#### **Comments:**

The Governor vetoed \$279,174, including \$100,000 in general revenue, from CHIP.

The CHIP program receives a 74.10 percent federal match in FY 2009.

#### **Program Description:**

This appropriation provides for the federal share of expenditures for school-based administrative services and school-based early and periodic screening, detection and treatment (EPSDT) services. EPSDT services include medical/dental screenings, physical, occupational, and speech therapy as well as psychological counseling for school age children. An interagency agreement exists between the Department of Elementary and Secondary Education and MO HealthNet to provide these services. Funding allows for MO HealthNet eligible children to be provided a preventative health care program in their schools. The program is not federally mandated.

#### **Comments:**

Medicaid administrative expenditures receive a 50 percent federal match. The remaining expenditures receive the federal medical assistance percentage (FMAP) rate, resulting in a 36 percent state match in FY 2010. The state match for this program is primarily found in the Department of Elementary and Secondary Education budget.
